## **Workshop broken into!**

Overnight on Saturday 1 September into Sunday 2 September, a workshop on Ningwood Hill was entered and approximately £2,000 worth of tools were stolen, along with a Viking Sword used in re-enactments.

The workshop is situated along the main Newport to Yarmouth road, and we are asking anyone who may have seen someone acting suspiciously or any stationary vehicles in this area, particularly in the early hours of Sunday morning, to call police.

Anyone with information is asked to call us on 101, quoting 44190394205.

**UPDATE.....** Another Deer has been killed at the same location on the evening of 20<sup>th</sup> November. It's believed to be another dog attack. The farmer is taking further steps to prevent happening again.

# SCAM ALERT: Basic Payment Scheme

Trading Standards are warning farm businesses to remain extra vigilant to the increased risk of fraud as they go through the process of registering and claiming under the new [Basic Payment Scheme](#).

The fraudsters are aware of the timing of the BPS, as much of the information on who receives payments is publicly available. From this criminals are able to target specific individuals.

Members should look out for fraudsters calling or emailing claiming to represent the Rural Payments Agency, their bank or the police.

The victim is usually convinced to hand over bank account details

## Remember...

- It takes **two** people to terminate a call
- Be wary of unsolicited approaches by phone
- If you feel something is suspicious or feel vulnerable, hang up, wait five minutes to clear the line, or where possible use a different phone line, then call your bank or card issuer on their advertised number to report the fraud
- If you don't have another telephone to use, call someone you know first to make sure the telephone line is free
- Your bank will also never ask you to check the number showing on your telephone display matches their registered telephone number. The display cannot be trusted, as the number showing can be altered by the caller
- Criminals may already have basic information about you in their possession (e.g. name, address, account details), so do not assume a caller is genuine because they have these details or because they claim to represent a legitimate organisation

Any farmer who is concerned or suspicious should contact their bank in the first instance

### Isle of Wight Alert Community Messaging system

The communities of the Isle of Wight play a key role in helping us to prevent and detect crime and anti-social behaviour. Improving the flow of information between the community and the police is vital to achieving our aim to work together to deter criminals and keep communities safe.

This site provides an invitation for you to participate in the exchange of information with Hampshire Constabulary and Neighbourhood Watch. You do not need to join a specific watch scheme but you may find that there are like minded residents or businesses in your area who would welcome your support.

If you live or work in the Isle of Wight, you are invited to register now to become a recipient of messages of information, crime alerts and witness appeals local to the area in which you live or work in a way that suits your needs and lifestyle by email, text or telephone.

As a registered recipient you will not only benefit from two way messaging but may also hear about positive police action in your community, help identify suspected or wanted criminals or learn about community groups, events or meetings in your area.

Please use the link <http://www.iowalert.co.uk> to access IOW alerts.

**PLEASE NOTE: THIS SERVICE IS NOT FOR REPORTING CRIMES OR INCIDENTS - TO REPORT THESE PLEASE CONTACT HAMPSHIRE CONSTABULARY ON 101.**
